

Experimental Methods in Economics

Prof. Dr. Lisa Bruttel

Location: University of Potsdam, Campus Griebnitzsee | Building 7, Room 2.41

Time: November 8th-10th, 2018 | 9am-5pm

This workshop targets students who want to run economic experiments. At the end of the workshop, you will be able to conduct simple experiments, including the programming in z-Tree as well as running a session in practice.

Day 1 Lecture-style teaching: experimental methodology, running a session

Day 2&3 Hands-on programming in z-Tree

Graded work: programming an experiment and presenting it.
Presentations will take place on December 7th, starting at 10am.

Please register by e-mail to lisa.bruttel@uni-potsdam.de until October 31st.
