## Research Seminar Applied Microeconomics

- **Instructors:** Prof. Natalia Danzer, Ph.D., Prof. Dr. Max Steinhardt
- **Time:** Thursday, 2:00 (s.t.!) – 3:30 pm, first meeting: April 16, 2020
- **Venue:** Freie Universität Berlin, Boltzmannstr. 20, Kaminzimmer (room 202)
- **Credits:** 6 ECTS

### Course content

This seminar is geared toward PhD students who are at the beginning of their second or third year and who specialize in the field of applied microeconomics, in particular, in empirical work striving to identify causal effects (e. g, by applying quasi-experimental methods). The seminar aims to help students kick starting their first research project respectively first research paper. This course offers students a forum to present and discuss their first own research project. Presentation of early stage research projects or research ideas is encouraged. Active participation in all weekly meetings is mandatory. Extensive feedback will be provided on the research project, including recommendations on how to proceed with their research agenda towards their dissertation. The seminar will be also devoted to questions concerning the writing of papers (e.g., abstract and introduction).

### Registration

To register for the seminar, you will need to send an e-mail including an extended abstract (< 450 words) of your (planned) research project/paper to [economics@fu-berlin.de](mailto:economics@fu-berlin.de).

***Registration should take place not later than April 1, 2020!***
